Ohio Turnpike Prepares to Launch New Toll Collection System:

Here's How It Will Work

The Ohio Turnpike and Infrastructure Commission's new toll collection system, which started as a vision and a study in 2016, is nearing the final stages of completion. The switch to the new system – which began last year – will be phased in gradually over the next several weeks.

Trend Forecaster on Four Key Consumer Trends Set to Impact Business in 2024

Trend forecasters identify the macro social, economic, and cultural shifts that will impact an ever-evolving consumer landscape, providing context to understand how and why consumers' views and priorities change year over year.

This year, trend experts already seem to agree on at least one thing: The consumer is not merely a passive participant but an active influencer in shaping the market dynamics informing consumer demand, from sustainability imperatives to a digital landscape that's ushering in the era of artificial intelligence.

From keynote speeches to interactive workshops, you'll have the opportunity to network with like-minded individuals and gain practical knowledge that you can apply right away.
